BILLFISH RELEASE DIVISION - SCORING OVERVIEW

The team which scores the most billfish release points combined over the two (2) days of tournament fishing will win the Billfish Release Division. All billfish releases must be reported on the Tournament Official Whats App Group, recorded on video and uploaded to the Catch Stats App. All videos will be reviewed upon uploaded, and updated to Catch Stats Live scoring <https://clubdeyates.catchstat.com/>

Qualifying billfish species are sailfish, and marlin. Teams will be ranked based on their two-day combined release point total. 1st, 2nd, and 3rd place will be awarded.

Points are scored as follows:

Billfish Species	Points per Release
Marlin	500 points
Sailfish	100 points

Note: Billfish that cannot be clearly identified will be scored as 100 point.

BILLFISH RELEASE VIDEO REQUIREMENTS

Properly documented video evidence of each released billfish must be provided to tournament officials by uploading to the CATCH STATS App before end of each fishing day (Lines Out). If a fish on has been reported on the Tournament official Whats App Group Chat before lines out time of each day, it will be accepted to report release in the next 45min after lines out time.

To be scored, the release video must contain a continuous sequence with the following items:

- Ability to show time/date of each release
- A registered tournament angler fighting the fish from the aft or cockpit of the vessel.
- A mate touching the leader with the fish boat side and at the aft or cockpit of the vessel. To identify species, clear video showing the fish's distinctive traits must be provided.
- Tournament provided daily color-coded tournament card in clear view on the video, to mark completion of a catch

- Video of the leader being cut, or the fish unhooked and released from the aft or cockpit of the vessel, followed by at least 3 seconds of continuous video showing the fish no longer attached.
- Video must show a clearly healthy fish being released.
- No boating of billfish of any kind is accepted.
- No mutilated billfish of any kind will be allowed.

If proper video is not supplied to the reasonable satisfaction of the Tournament Director, your catch will not be scored. Teams must supply their own video recording device with the ability to show time/date.

Tournament Officials' rulings on release evidence are final; there will be no protests allowed for video evidence. Submitted tournament videos may be used by Club de Yates y Pesca de Panama and/or Club de Yates y Pesca Challenge for marketing or other purposes, worldwide, at Tournament organizers sole discretion.

Teams are not required to call in hook-ups but are required to call in releases, with the exception of a fish near lines-out time, boat will be required to report hook up or fish on the line minutes before, so release be accepted prior to lines-out time. When calling in releases on the Official Tournament Whats App Chat please give the scorekeeper the boat name, angler name, and species of fish released. Once your release is confirmed, you will receive an official release time on the Official Tournament Whats App Chat Group. Official release status and points will be awarded once tournament officials have received the uploaded video and reviewed your billfish release video documentation. All releases are unofficial until all billfish releases have been reviewed and confirmed by tournament officials.

IN EVENT OF A TIE: If there is a tie in aggregate billfish release points by multiple teams at the end of the two-day tournament, rankings will be determined by the first team to reach their aggregate point total by time and date of catch.

Example: If "Team A" reached their point total at 1:00pm and "Team B" reached their point total at 2:00pm, "Team A" beats "Team B". PLEASE NOTE: Make sure your video time/date profiles are accurate to local Panama Time Zone (GMT -6hrs).

GAMEFISH DIVISIONS: TUNA, DORADO, WAHOO, ALMACO JACK, PARGO, AND SIERRA – SCORING OVERVIEW

There are SIX (6) eligible Gamefish Divisions, in which the following rules apply: At the end of each day of tournament fishing, teams may weigh their respective Tuna, Dorado, Wahoo, Almaco Jack, Pargo, and Sierra. Each team may weigh three (3) fish per species each day.

At the end of the final day of tournament fishing, team rankings will be determined for each gamefish division based on their fish weight per species throughout the two-day tournament.

In the tuna category only, it is acceptable to use a one-time angler switch during one tuna battle per day, per team. The following procedures must be followed for the fish to be eligible to score points in the tournament:

- One (1) angler switch allowed per day for tuna only
- The switch must be between two (2) registered anglers; registered crew members can assist in the switch but may not turn the reel handle and gain line at any time during the switch

NOTE: If no qualifying fish are scored in a particular tournament Gamefish Division, the entry money will be divided equally among 1st, 2nd, and 3rd place divided equally among all CYP Challenge winners. If only 1st and 2nd place are handed out, the 3rd place money will be evenly distributed amongst 1st and 2nd. If only one team places in the general entry, 1st place will receive the money from 1st, 2nd, and 3rd.

Minimum Weight per Gamefish to Qualify

- Dorado 15 lbs
- Tuna 15 lbs
- Wahoo 15 lbs
- Almaco Jack 15 lbs
- Pargo 15 lbs
- Sierra 5 lbs

Each division will be awarded 1st, 2nd, and 3rd place cash and prizes.

The tail of each fish brought to the scales will be clipped, signifying that it has been weighed and scored. All fish that appear to have been altered, spoiled, mutilated or frozen will be disqualified, per the discretion of tournament officials. Any boat which enters a fish that is proven to have been weight-altered, frozen, or previously weighed will be disqualified from the tournament.

ALL GAMEFISH AFTER BEING WEIGHED WILL REQUIRE TO BE INSPECTED AND SAMPLE COLLECTED BY ARAP (PANAMA FISHERY AUTHORITY) ON THE ASSIGNED TABLE NEXT TO THE WEIGHT STATION

GENERAL ENTRY & AWARDS PAYOUTS

All teams must pay the fee for the General Entry to participate in the tournament and be eligible for awards.

OPTIONAL DAILY JACKPOTS

Daily Jackpot winners will be determined by single-heaviest qualifying fish of the day in the Tuna, Dorado, Wahoo, Almaco Jack, Pargo and Sierra jackpot categories, and by the most daily release points in the Billfish Release categories. The purchase of a daily jackpot is split evenly over the two-day tournament, and then divided 70/30 between 1st and 2nd place daily winners.

GAMEFISH TIE BREAKERS/ROLLOVERS: In the event of a tie in any of the gamefish daily jackpots, money will be split evenly between the teams with the tied weight (50/50). If no qualifying fish are weighed or scored in a jackpot category on the first day of the tournament, the money will roll to Day 2; if no qualifying fish are weighed or scored in a jackpot category on the second day of the tournament, the money will roll back to the Day 1 winner. In the unlikely event that no qualifying fish are scored in a given jackpot category, the monies collected for the unfulfilled jackpot category will be paid back to each respective entrant of that category, minus the 20% administrative fees.

BILLFISH RELEASE TIE BREAKERS/ROLLOVERS: If there is a tie in aggregate billfish release points by multiple teams at the end of a given tournament day, the daily jackpot winner will be determined by the first team to reach their aggregate point total by time (verified by release video date/time). Example: If "Team A" reached their point total at 1:00pm and "Team B" reached their point total at 2:00pm, "Team A" beats "Team B". In the unlikely event that no qualifying fish are scored in a given jackpot category during the two-day tournament, the monies collected for the unfulfilled jackpot category will be paid back to each respective entrant of that category, minus the 20% administrative fees.
